

SÜLEYMAN DEMİREL UNIVERSITY
FACULTY OF MEDICINE
Education Program Evaluation Board (E.P.D.K.)

Meeting Minutes

Meeting Date	14 February 2020
Venue	Dean's Office Building, Meeting Hall A

DECISIONS

The Süleyman Demirel University Education Program Evaluation Board (SDÜTF-EPDK) convened on 14 February 2020 in Meeting Hall A of the Dean's Office Building under the chairmanship of Prof. Dr. Ersin USKUN, with the participation of board members and faculty members of the Department of Cardiovascular Surgery. At the meeting:

1. It was conveyed that, in order to improve the horizontal and vertical integration of Phase 2 and Phase 3, related topics need to be taught consecutively within their own subject areas. It was shared that, if needed for vertical integration, additional courses could be added to the program with support from the basic sciences.
2. The necessity of detailing the practical/practicum applications included in the curriculum was discussed.
3. It was shared that learner-/student-centered practices need to be made more widespread in the program.
4. The necessity of precisely determining the place and timing of Independent Structured Hours in the course schedule, and of detailing the management of the assignments/tasks given to students during these hours (such as patient preparation, etc.), was discussed.
5. It was discussed whether any of the courses in the curriculum could be conducted in the form of Evidence-Based Medicine Practices. It was discussed that, if such a course exists, it should be shown in the program, and that how this practice is carried out should be detailed in the clerkship guide.

PROGRAM DEVELOPMENT RECOMMENDATIONS

1. It would be appropriate to detail the practical/practicum applications included in the curriculum in the program.
2. It would be appropriate to precisely determine the place and timing of Independent Structured Hours in the course schedule, and to detail the management of the assignments/tasks given to students during these hours (such as patient preparation, etc.).
3. If there is a course that can be conducted in the form of Evidence-Based Medicine Practices, it would be appropriate to add it to the program and to detail how this practice is carried out in the clerkship guide.

ATTENDANCE

Prof. Dr. Tolga ATAY (Vice Dean) — Attended
Prof. Dr. Münire ÇAKIR (Chief Coordinator of Education) — Attended
Prof. Dr. Ersin USKUN (Chairman of EPDK) — Attended
Assist. Prof. Dr. Giray KOLCU (Department of Medical Education) — Attended
Assist. Prof. Dr. İnci KOLCU (Department of Medical Education) — Attended
Prof. Dr. Turan YAVUZ (Department of Cardiovascular Surgery) — Attended
Prof. Dr. Şenol GÜLMEN (Department of Cardiovascular Surgery) — Attended
