DECISIONS

The Süleyman Demirel University Education Program Evaluation Board (SDÜTF-EPDK) convened on 10 February 2021 in Meeting Room A of the Dean's Office Building under the chairmanship of Prof. Dr. Ersin USKUN, in order to discuss the placement and scheduling of the "Health Law" topics proposed by Prof. Dr. Tekin Ahmet SEREL and discussed at the EPDK. At the meeting, it was decided unanimously that:

1. It is appropriate for the topics to be offered as a Special Study Module (SSM) in Term 2 and Term 3.
2. It is appropriate for an integrated session (on subjects such as organ transplantation/donation, malpractice, etc.) to be planned in Term 3 together with the Department of Forensic Medicine, with the participation of Prof. Dr. Tekin Ahmet Serel.
3. It is appropriate for the 2-hour lecture on health law, taught within the Forensic Medicine clerkship in Term 5, to be given by Prof. Dr. Tekin Ahmet SEREL.
4. It is appropriate for 4 hours of seminars discussing health law topics to be placed within the Public Health internship program in Term 6.
5. It would thus be fitting for a health-law corridor, consistent with vertical integration, to be established across Terms 2, 3, 5, and 6.

It was decided unanimously.
