DECISIONS

The Süleyman Demirel University Education Program Evaluation Board (SDÜTF-EPDK) convened on 23 January 2023 under the chairmanship of Prof. Dr. Ersin USKUN. At the meeting:

1. The requests for changes to the 2023-2024 academic year course schedule, submitted by the Term 1 Coordinator's Office, were discussed. It was agreed that the proposal from the Department of Public Health was appropriate, and that the proposal from the Department of Medical Biology would be appropriate provided there was no change in class hours; to this end, it was agreed that the Term 1 Coordinator would discuss the matter with the Head of the Department of Medical Biology.
2. It was unanimously decided that the Department of Physiology's proposal for Term 2 did not achieve integration with Course Committee 1; that, since Course Committee 1 covers the musculoskeletal system, incorporating blood physiology lectures into this committee would not be compatible with the vertical integration of the accredited curriculum; that including only the physiology lectures related to blood in Course Committee 1 would not be sufficient and would necessitate also including the lectures of other departments whose courses are related to this subject; and that it was not possible to make room in the program for all of these lectures.
3. It was agreed that there was still time to consider the request to appoint another faculty member in place of Prof. Dr. Ebru Y. Keskin for the Term 3 integrated session titled "Skills for Communicating with Patients: How Will We Protect Ourselves and Patients in Clinical Practice" (course code 32ENT.02); similarly, that the appointment of Assist. Prof. Dr. Mehmet ERDOĞAN in place of Prof. Dr. Mustafa YILDIZ for the Term 3 Nuclear Medicine courses "Nuclear Medicine Physics, Gamma Camera and PET/CT-1" and "Nuclear Medicine Physics, Gamma Camera and PET/CT-2" in the 2023-2024 academic year could be made in May or June; and that the proposals submitted by the Department of Public Health were accepted as submitted.
4. It was unanimously decided to add, to the General Surgery and Internal Medicine clerkships, 2 hours each of abdominal radiology lectures and 2 hours of thoracic radiology lectures.
5. It was decided that the next meeting would be held on Tuesday, 7 February 2023.
