

SÜLEYMAN DEMİREL UNIVERSITY
FACULTY OF MEDICINE
Education Program Evaluation Board (E.P.D.K.)

Meeting Minutes

Meeting Date	7 March 2023
--------------	--------------

DECISIONS

The Süleyman Demirel University Education Program Evaluation Board (SDÜTF-EPDK) convened on 7 March 2023 under the chairmanship of Prof. Dr. Ersin USKUN. At the meeting:

1. It was discussed that a faculty member from the Department of Infectious Diseases had verbally reported to our board that the number of applications to our university hospital for HIV testing had recently increased, including applications from among Faculty of Medicine students, and that there was a need to provide information on sexually transmitted diseases. It was decided that the orientation seminars given to Term 1 students would be suitable for this information, and that, in addition to the "Sexually Transmitted Diseases" integrated session in Term 3, an "HIV" integrated session could also be organized.
2. It was decided that written information would be provided regarding the start of distance-education courses in the 2022-2023 Spring semester, and the transition of "Project Courses" and "Special Study Modules" (ÖÇM) — those that can be conducted remotely — to distance education.
3. Information was given that the acceptance of special-student applications from the earthquake zone would continue until 12 March. Information was provided by the Term 5 Coordination Office regarding students who started their education in Term 5 as special students and regarding the conduct of clerkships. It was reported that some groups were quite crowded, but that clerkships were continuing without disruption. Concern was shared that capacity could be exceeded if the arrival of special students continued. It was decided that future special-student applications would appropriately be evaluated according to the occupancy rate of the groups.

It was decided that the next meeting would be held on Tuesday, 4 April 2023.
