

SÜLEYMAN DEMİREL UNIVERSITY
FACULTY OF MEDICINE
Alumni Board

Meeting Minutes

Meeting No	2
Meeting Date	21 November 2025
Venue	Dean's Office Building, Meeting Hall A

AGENDA ITEMS

1. Determination of activities (Social, cultural, artistic)
2. Determination of the methods to be followed to increase communication with alumni.

DECISIONS

1. It was decided to add Assoc. Prof. Dr. Fatih Aksoy, a faculty member of the Department of Cardiology, to the Board.
2. As former graduates, it was stated that the education received during that period was quite sufficient and comprehensive for working in peripheral settings, and that the most important factor in this was the low class sizes. It was emphasized that, given the current student numbers, disruptions could occur particularly on the clinical education side, and that the most important improvement regarding this matter would be to lower the quota requests. It was stated that notifying the Council of Higher Education (YÖK) of the quota requests in writing would not be sufficient in this regard, and that if necessary, a delegation could visit YÖK to explain this matter to the authorities face to face.
3. It was stated that our Faculty being an accredited faculty is an important point in students' preference for it, and that students make their choice knowing the concept of an accredited faculty. In this respect, the importance of our Faculty's accreditation was emphasized.
4. It was stated that, in order to bring alumni together:
 - * an event should be planned, and it should be announced to alumni before the date of this event (for example, 2 months beforehand) through groups including our faculty members and alumni students,
 - * the details should be discussed through online meetings prior to the event,
 - * since continuity is essential for this event, it should be held even if the number of participants is low,
 - * an invitation prepared by the Dean's Office should be used in the announcement of the event,
 - * an incentivizing element should be included for participation in the events (e.g., giving plaques to alumni of the 25th-26th year).
5. It was stated that an association could be established to increase communication and mutual assistance with alumni.
