DECISIONS

The Süleyman Demirel University Undergraduate Medical Education Board (SDÜTF-MÖTEK) convened online on 6 October 2020 under the chairmanship of Prof. Dr. Alim KOŞAR, with the participation of board members. At the meeting, it was unanimously decided that, for Term 4 and Term 5 students continuing their education through distance learning during the 2020-2021 Academic Year due to the COVID-19 epidemic, practical (applied) training would begin, starting from 19 October 2020, in the form of reduced-density face-to-face education in line with the principles set out below, while theoretical courses would continue to be delivered through distance education.

Principles for the Implementation of Reduced-Density Face-to-Face Education for the Practical Courses of Term 4 and Term 5 Students:

1. Student groups shall be internally divided so as to consist of a minimum number of students in each subgroup.
2. A petition shall be obtained from students who wish to continue their education in the form of reduced-density face-to-face education, stating, in line with the established principles, that they wish to continue their education of their own will.
3. Students who, due to a chronic illness or the epidemic disease, do not wish to continue their education in the form of reduced-density face-to-face education may, upon request, apply to have their registration suspended.
4. The divided student groups shall be called in for face-to-face education on different days of the week.
5. Students shall not be brought into classrooms/laboratories/clinics as a large group.
6. The small, divided student groups shall not be kept in outpatient clinics and wards collectively at the same time.
7. Students shall not be permitted to have contact with patients who are COVID-19 positive or suspected of being COVID-19 positive.
8. It was decided that the next meeting would be held on 3 November 2020, between 12:30 and 13:30.
