

SÜLEYMAN DEMİREL UNIVERSITY
FACULTY OF MEDICINE
Undergraduate Medical Education Board (M.Ö.T.E.K.)

Meeting Minutes

Meeting No	99
Meeting Date	17 March 2026
Venue	Dean's Office Building, Hall A

DECISIONS

1. It was decided that the draft text prepared by the Department of Medical Education and Informatics — pursuant to the decision taken at the meeting held in February — containing the planned updates regarding our Faculty's institutional objectives, education, research and service goals, our Faculty's mission and vision, the objectives and goals of the education programs, and the core roles expected of our graduates, be opened to the opinion of internal and external stakeholders (departments, the Medical Students Board, the Graduates Board, external stakeholders), and that its final version be discussed at the relevant boards.
2. The letter titled "National Employment Strategy" received from our University's Education and Training Branch Directorate unit, together with the questions contained in its attachment, were reviewed. Noting that most of the said survey questions were not directly related to the Faculty of Medicine, it was decided that, in response to the survey question concerning artificial intelligence, the following be given as the answer: the artificial intelligence lecture taught as part of the History of Medicine and Ethics course in our Faculty's Term 1 curriculum, the ÖÇM titled [blank in source] for Term 2 and Term 3 students, and the elective clerkship [blank in source] included in the Term 6 curriculum.
3. It was decided that, within the scope of the Career Days event for our Faculty's final-year students, Dr. Muhammed Akgül, who works as a Medical Director in the pharmaceutical industry, be invited as a speaker, and that the event be held on 9 April 2026 in the Hospital Conference Hall.
4. It was decided that certain course topics related to the hematopoietic system included in the Term 2 Course Committee 2 curriculum of our Faculty be transferred to Course Committee 1.
5. It was decided that a new clerkship titled "Competency Development Clerkship," carrying 5 ECTS, be added for the 4-week period arising from the transition of our Faculty's Term 6 curriculum from a monthly system to a weekly system, and that, accordingly, the ECTS credits of the Internal Medicine, Emergency Medicine, and Pediatric Health and Diseases clerkships be reviewed, and stakeholder opinions be obtained regarding the opening of the new course and the ECTS credit change.
