DECISIONS

The Süleyman Demirel University Assessment and Evaluation Board (SDÜTF-ÖDK) convened on 8 April 2019 in Meeting Hall A of the Dean's Office Building with the participation of the majority of the board members. At the meeting:

1. Because the pen used by Term 2 student Burak Can ERKEK on his Term 2 Course Committee 4 examination answer sheet was quite faint, some of his answers were not read by the (scanning) machine. When the examination paper was re-evaluated following the objection raised by the student in question, this situation was noticed, and it was decided that the proposal to change the student's Course Committee 4 grade from 74 to 86 be submitted to MÖTEK for approval.
2. It was decided that, so that students taking examinations could see them clearly, the following items would be printed on the first page (cover) of the examination question booklets:
 - Mark your answers using a soft, dark-lead pencil of at least 2B quality, and make sure your answers are marked darkly.
 - Do not use any writing implement other than a (lead) pencil.
 - When erasing a given answer, make sure it is erased thoroughly and do not damage the paper. Do not leave eraser residue.
 - Only the answers given on the examination answer sheet are valid. The optical (answer) form must be filled in without fail.
 - If the above rules are not complied with, responsibility rests with the student.
