DECISIONS

The Süleyman Demirel University Assessment and Evaluation Board (SDÜTF-ÖDK) convened online on 10 May 2021 with the participation of the majority of the board members, and at the meeting:

1. There are a large number of online exams at our faculty. The exam workload of the coordinators' offices is heavy, but the staff assigned from the Information Processing Department for our faculty are insufficient in this regard. For this reason, it would be appropriate for a technical staff member to be assigned exclusively within the Faculty of Medicine for the conduct of exams.
2. Problems are being experienced with sending exam questions; in order for exams to be held on time and in full, it would be appropriate for a letter to be sent to the departments by higher authorities so that no problems occur in sending questions before board exams.
3. It was deemed appropriate for the final exams to be administered online with 100 questions and a duration of 120 minutes.
4. It was decided that the next meeting would be held at the same place on 7 June 2021.
