FACULTY OF MEDICINE
Assessment and Evaluation Board (Ö.D.K.)

Meeting Minutes

Meeting Date	24 May 2022
Venue	Meeting Hall A

DECISIONS

The Süleyman Demirel University Assessment and Evaluation Board (SDÜTF-ÖDK) convened on 24 May 2022 in Meeting Hall A with the participation of the majority of the board members. At the meeting:

1. An Evidence-Based Medicine horizontal corridor was added to the Term 1, Term 2, and Term 3 curricula. Term 3 students will receive this training in Course Committee 1 and will complete a scientific research project related to these courses that will continue throughout the year. The project to be prepared may take the form of a national or international poster, oral presentation, review, case report, or original-study publication; a TÜBİTAK 2209 project application; or an SDU BAP (Scientific Research Projects) application. It was decided that the contribution of this scientific work to academic achievement would be arranged as a 4% Evidence-Based Medicine (EBM) score and a 4% Special Study Module (ÖÇM) score added to the final examination grade. The implementation directive for the EBM scientific research assignment will be prepared in detail and submitted to the Coordinator's Office.
2. It was decided that make-up (mazeret) examinations for Term 1, Term 2, and Term 3 would be held in multiple-choice format.
3. It was decided that the next meeting would be held at the same location on 4 July 2022.
