DECISIONS

The meeting of the Süleyman Demirel University Faculty of Medicine Student Council was held on 13 February 2019 under the chairmanship of Intern Dr. Yunus Emre EKİNCİ, in Meeting Hall A of the Dean's Office Building, with the participation of 12 council members.

1. Our Faculty's educational objectives were discussed. It was decided that the text written for the educational objectives was sufficient, and it was decided that the Council would make a series of recommendations in order for the objectives to be achieved more easily.

- In order to develop the phrase "commands the community's priority health problems," and to develop the mechanism by which the education programs organized in accordance with the UÇEP (National Core Education Program) are supervised by students, it was requested that a "Feedback Board" be established within our Faculty, working solely in this field and raising awareness, and that "Feedback" training be provided during Orientation Week. In addition, it was discussed what could be done to make students more conscious of the UÇEP.

- In order to build awareness of being able to follow current publications at the international level, it was requested that the awareness of following current literature be implemented in the 3rd Year in a manner correlated with the committee contents.

2. Our Faculty's research objectives were discussed. It was decided that the text written was sufficient, and a series of recommendations suited to the objectives were made.

- It was requested that a "Scientific Research Board," composed of students and volunteer faculty members, be established within our Faculty at the start of the academic year, in order for students to develop their scientific work. It was planned that there would be an announcement team within the Board for national and international scientific studies.

- It was requested that support be increased from our Dean's Office for our students who participate in national and international congresses.

3. Our Faculty's service objectives were discussed and the text was found sufficient.

4. Our Faculty's vision and mission were found sufficient by the Council.

5. It was requested that the issue be raised on the agenda at MÖTEK, so that the problem our Faculty's Term 1, 2, 3 students experienced with the representation document during summer clerkships would not occur again.

6. The insufficiency of the duration of the Radiology clerkship was pointed out by Term 5 students, and it was requested that this be raised on the agenda at MÖTEK in order for its duration to be extended.
