**DECISIONS**

The meeting of the Süleyman Demirel University Faculty of Medicine Student Council (SDÜ-TFÖK) was held on 03.11.2023 under the chairmanship of Muhammet Emin AĞIR, in Meeting Hall A of the Dean's Office Building, with the participation of the commission members.

At the meeting:

1. The TÖK opening meeting for the new academic year was held. An evaluation of the past term was carried out. New members were given information about the board.
2. Changes to the student members of the board were carried out. The names of the new students are listed below.
3. For the empty area on the right side at the entrance of the classrooms, the idea of creating a social area with covered benches that students can use between classes was presented to the Dean's Office,
4. The insufficient number of chairs in the study halls was raised, and an increase was requested. Due to the start of exams, it was requested that the closing time of the study halls be moved from 23:00 to 01:00,
5. It was decided to request, from the Department of Health, Culture and Sports (SKS), the water purification devices that currently exist but are out of use, for our study halls,
6. In line with the request from students, it was decided that it be submitted to MÖTEK that the efficiency of the Anatomy laboratories has decreased due to the increasing number of students, and that, if possible, the number of groups be increased,
7. The projection devices in Terms 1, 2, and 3 are in visibly worse condition compared to the previous year, and all students request that this be resolved as soon as possible,
8. Since there is no fixed pointer in any of our 3 lecture halls, which negatively affects the delivery of lessons, it was requested that pointers be provided by our Dean's Office, on the condition that they remain under the representatives' control,
