AGENDA ITEMS

1. Review of the matters to be carried out within the scope of the board's activities

SCOPE

1. With the participation of our Dean and Vice Dean, information was obtained from them regarding our progress in accreditation, and our faculty members answered the questions raised by our members.
2. It was decided that the UÇEP-2020 (National Core Education Program) would be reviewed and feedback would be given.
3. The "Report Comparing National and International Medical Programs with the SDU Faculty of Medicine Program," written by our board, was evaluated through a presentation made to the Dean's Office, and an assessment was made regarding the aspects of our faculty seen as positive and negative.
4. It was proposed by Term V students that the attendance-taking system could be updated in line with the requirements and technologies of the age.
5. Regarding some clerkships, it was stated that in the post-graduation period there may be a need for reminders particularly on the diagnosis and treatment of emergencies, and that for this purpose a quick review, during the internship period, of the diseases/conditions frequently encountered at the primary-care level would be useful.
6. It was stated that the facilities of the Distance Education Center could be used for the quick review of some courses during the intern physician period, and that, following courses taught theoretically through the Distance Education Center (UZEM) facilities, 1-hour face-to-face sessions could be scheduled. It was decided that a pilot study would be carried out for this purpose with the faculty members of the Department of Medical Pharmacology.
7. Because it was deemed necessary among our members in Term 1, a new election was held and the names listed below were elected.
